THE FUND FOR VICTIMS OF TERROR

THE URGENT NEED: ASSISTING TERROR VICTIMS & THEIR FAMILIES

The Fund for Victims of Terror (FVOT) is the first responder in the recovery process of families who have been impacted by acts of terror and violence. It provides immediate grants to victims, as needed, within 48 hours of their homes being damaged by rocket fire.

The grant is used for any immediate need of the victims: rent, purchasing food or clothing, and any personal needs of the recipient.

The average short-term grant to a family is approximately **US $1,260**. We estimate that there is a need to provide at least **550** short-term grants (as of Oct. 8).

Your generous donation will provide immediate relief to new immigrants under rocket attack.
